

At St Augustine's Roman Catholic High School, our Geography Department is committed to providing a dynamic and enriching learning experience for our students within the context of a Roman Catholic ethos. Our curriculum is designed to foster a deep understanding of the world and its interconnectedness while instilling a sense of responsibility for the environment and social justice.

Our intent is to empower students with the knowledge and skills to become global citizens who appreciate the diversity of the planet and are inspired to make a positive impact. We want to create a curiosity and inquisitiveness of the physical world and its people which will last a lifetime. Through a curriculum rooted in the teachings of the Catholic faith, we aim to cultivate a sense of stewardship and compassion for the Earth and its inhabitants.

# Reading in geography at St Augustine's

<p><b>Year 7</b> <b>The power of latitude</b></p>	<p><b>Location</b> <i>Where do I live?</i></p>	<p><b>Geographical Skills</b> <i>How do I know where I am?</i></p>	<p><b>Weather and climate</b> <i>Was poverty to blame for Hurricane Katria?</i></p>	<p><b>Cold environments</b> <i>What is life like at 65 degrees north?</i></p>	<p><b>Tropical Rainforests</b> <i>What is the true value of the world's Tropical Rainforest?</i></p>	<p><b>Hot deserts</b> <i>Is the Middle East a suitable home for football?</i></p>
