A journey around the world	<p>What are the continents?</p> <p>What are the oceans?</p> <p>What and where is Europe? (where is Russia?)</p> <p>What and where is Asia? (where is Russia?)</p> <p>What are the major African countries?</p> <p>What and where is North America?</p> <p>What and where is South America?</p> <p>What and where is Oceania?</p> <p>What and where is the Middle East?</p> <p>How do we use latitude and longitude?</p>
HALF TERM 3	
Map Skills (OS)	<p>How do we show direction?</p> <p>How do we measure distance?</p> <p>What are grid references and how do we use them?</p> <p>How do we use six figure grid references?</p> <p>How is height shown on a map?</p> <p>How do contours show height and relief?</p> <p>What are map symbols?</p> <p>How do we use plans and scales?</p> <p>How do we draw a sketch map?</p> <p>How do maps show change over time?</p>

HALF TERM 4**Weather and Climate**

What is the difference between weather and climate?
What type of weather hazards are there?
How is the UK affected by weather hazards?
What impact do extreme weather events in the UK have on People?
How has our local area been affected by extreme weather events?
What are the causes of extreme weather?
What are tropical storms?
What is the sequence in the formation and development of tropical storms?
How can the effects of tropical storms be mitigated?
What is the evidence that the UK is experiencing more extreme weather?

HALF TERM 5**Energy Supply and Climate Change**

What is climate change?
What is the difference between the greenhouse effect climate change?
What is the evidence for climate change?
What are the main causes of climate change?
Are we facing a climate crisis?
How is our electricity generated in the UK?
What is acid rain?
What is being done to mitigate climate change?
Who is most responsible for climate change?
How can we avoid a climate catastrophe?

HALF TERM 6**How can I live sustainably?**

What impacts are humans having on our world?
How big is my carbon footprint?
How does the size of my carbon footprint compare to others?
What are food miles?
How do UK lifestyles compare to other countries?
What individual lifestyle choice is my most impactful?
To what extent is a plant-based diet the answer?
How can I live more sustainably?
What is my pledge to live more sustainably?
Why am I making these changes?
