A message from Paul, Owner

Thank you for supporting our small family business. I would like to reassure you that looking after your family and our colleagues is our number one priority as we head into a 'back to school' like no other.

We are continually looking to the Government and WHO to make sure we go above and beyond with our safety measures whilst being able to offer great customer service and value for money.

We have been working hard behind the scenes and can proudly say we are 'Covid Secure' and ready to welcome you safely to our Stores in June.

To make your 'back to school' shopping easier we would encourage you where possible to shop online at [graysschoolwear.co.uk](http://graysschoolwear.co.uk). On our website you will find your schools uniform list, special offers, bundle deals and sizing guides.

If you need any help sizing please book one of our virtual appointment's where a member of our senior team will guide and advice you via zoom.

If your child is starting a new school or you would prefer to shop in store we will be operating an appointment system so that we can adhere to social distancing measures.

These appointments are limited and we would advise you to shop early - don't worry about growth as we cater for that and our return's are extended through to September.

Please be aware if you turn up to store without an appointment you will be asked to wait outside until a member of our team is free to serve you safely.

Be brave, Stay Safe.

Paul

# TOP TIPS FOR BACK TO SCHOOL SHOPPING

## 1 Shop Early

Don't worry about growth spurts, we cater for that. Keep your tags on & we will exchange anything up to your child starting school.

## 2 Shop Online

By shopping on our award winning website you benefit from our special offers & uniform bundle deals.

## 3 Book an appointment

If your child is starting a new school and you prefer to shop in store, book one of our appointment's.
