

Year 9 iMedia Work

Dear Year 9s,

Thank you for choosing iMedia from your options. I am delighted that you will be taking this course and look forward to working with you through your GCSEs.

I take pride in getting pupils good exam results and I am now giving you the opportunity to get ahead of other pupils across the country. If you can remember the keywords from the course before you start then you have a massive advantage in your exam preparation. Please see below the knowledge organiser:

 [iMedia Knowledge Organiser.pdf](#)

Your task is simple - REMEMBER AS MANY KEYWORDS AS POSSIBLE. I will be giving out prizes for the students with the best scores when we start again. You may use the blank knowledge organiser to practise:

Get your parents or another family member to test you once a week - it really works. I had a student this year who told me that this was an impossible task. With a month of hard work, he remembered over 70 words. YOU CAN DO IT!

Good luck and please let me know by email your high scores. I may have a leader board to help keep you motivated.

Good luck and thanks.

Mr Burton
